

# HL365S

## 4G Smart Camera

The HL365S 4G Smart Camera is a versatile and reliable security solution, offering clear, uninterrupted surveillance via its 130° wide-angle lens and automatic night vision. It ensures continuous monitoring through a built-in battery, even during power outages, and supports real-time alerts for unusual activities via motion detection and human presence sensing. With non-destructive installation (no wiring) and easy live view and playback access, the camera is suitable for various locations, including homes and parking lots.

Home Security

Elderly Care Monitoring

On-Demand Security Setup

### HD 2MP Image Quality

Delivers clear high-definition 2-megapixel (2MP) footage with enhanced detail.

### Wide-Angle Lens

A 130° field of view allows for comprehensive area coverage and minimizes blind spots.

### Night Vision

Automatically activates infrared mode at night, ensuring clear recording in low-light conditions.

### Motion Detection

The camera automatically activates upon motion detection with instant alert notifications to your mobile and enters sleep mode when idle.

### Long Standby Time

The built-in battery ensures continued operation during power outages, providing uninterrupted monitoring.

### Clear Audio Recording

Supports audio capture to record voices and ambient sounds clearly.

### Remote Monitoring

Access live video anytime via a mobile app, with options to remotely control recording or switch to sleep mode.

### Playback Function

Offers playback of history footage with automatic loop recording, which overwrites the oldest footage.

### Easy Installation

Magnetic mounting support for quick, non-destructive installation.

### 4G Video Recording

Operates independently of Wi-Fi, enabling remote recording and data transmission over 4G.

## Standard Configuration

<b>Communication Standard</b>	4G Cat.1
<b>Frequency</b>	HL365_CN LTE-FDD: B1/B3/B5/B8 LTE-TDD: B34/B38/B39/B40/B41 HL365S_EU LTE-FDD: B1/B3/B5/B7/B8/B20/B28 LTE-TDD: B38/B40/B41
<b>Overall Dimensions</b>	58.8 × 81.4 × 45.3 mm
<b>Camera Unit Dimensions</b>	42 × 42 × 59 mm
<b>Bracket Dimensions</b>	45.3 × 43 × 47 mm
<b>Housing Material</b>	ABS+PC
<b>Weight</b>	110g
<b>LED Indication</b>	Cellular (Blue), Status (Green), Power (Red)
<b>Video Resolution</b>	1920×1080 HD
<b>Wide-Angle Lens</b>	130°
<b>Night Vision Distance</b>	6m
<b>Audio Pickup Range</b>	6m
<b>PIR Detection</b>	Detection range up to 6 m, 100° detection angle
<b>AI Algorithm</b>	Supports human-figure detection and motion detection
<b>Smart Alerts</b>	Push notifications and zone-based alerts
<b>Cloud Service</b>	Supports cloud storage
<b>SD Card Slot</b>	MicroSD (TF) card, up to 128GB (optional)
<b>Battery Capacity</b>	2400mAh
<b>Power Port</b>	Type-C
<b>Operating Temperature</b>	-20°C to 60°C
<b>Operating Humidity</b>	5% ~ 95%RH (non-condensing)
